

fr.po file Modifications

First:

Both files Editor fr.po fr.po blocks and are fully translated

Second:

Blocks would't be translated as the file fr.po blocks will not change

1) 5 Wedo LEGO blocks will never be translated:

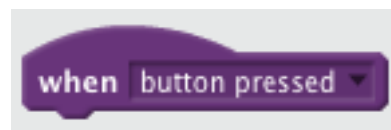

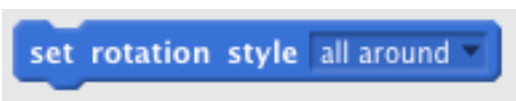

Is it possible to replace the following strings by:

```
65

msgstr "lancer le moteur"
68
msgid "turn motor on for %n secs"
msgstr "lancer le moteur pour %n secs"
69
msgid "set motor power %n"
msgstr "mettre la puissance du moteur à %n"
```

2°) These blocks will never be translated

Third:

Is it possible for you to add strings in order to have all these blocks translated
